

**Loria Pharmaceutical, LLC**  
**POLICY**

Policy No.	106
Subject	IP Dose Quantity
Effective Date	3/1/2021

**SUMMARY, DESCRIPTION:**

The single IP Dose quantity set forth in the Pricing Policy is subject to change.

The single IP Dose quantity includes a variable volume of cc's to be lost following In-Procedure Room compounding and transfer to 1-cc syringes.

Remaining Filler that has been compounded and remained under the Hood at all times can be stored appropriately and utilized on subsequent patients.

All prepared 1-cc syringes, full or partially full, that have been removed from the Hood and **PLACED WITHIN THE PROCEDURE FIELD/NEAR PATIENT MUST BE DISCARDED.**

If the prepared 1-cc syringes were removed from the Hood and placed on a clean or sterile tray and have not been contaminated, they can also be stored appropriately and utilized on subsequent patients.
